Cc: Outdoor Lighting Advisory Committee
Subject: OLAC appointment

Christine:

The Outdoor Lighting Advisory Committee has asked me to request an appointment with the Board of Selectmen, preferably on ~~June 23~~. Members, would like the give the Board an update of their work and seek guidance about a possible Town Meeting target date. Trey had asked the OLAC chairman about the committees readiness for a potential fall STM, which seems to depend on when in the Fall an STM would be.
